Dear CCF Partner,

MAY Another semester is finished this month. It seems like times just flies by these days. We are happy to see summer coming, but it is hard to figure out where the semester went!! Most of the students are off to jobs and summer camps or out of the country for mission work. We are so happy to see them serving Him!

Seeing them excited and willing to serve in many areas of ministry during the summer reminds us of the purpose of this campus work. Even though most have to get jobs to support their next semester of school, they seem to have a sense of purpose beyond just work. Several get to work in service camps and church-related summer programs for kids. That is such good training and experience for them too. Working with childrens' programs teaches them a lot about living the Christian life.

Javier Cuevas, one of our student leaders is in Africa for the summer working in Nairobi with Global Outreach. Another young man, Matt Ross, is in __ We are so glad for their maturity in choosing to serve in these places, knowing that it will make them even better leaders in CCF. God is working in the lives of our kids!

JUNE Summer school has begun and we will be meeting with those still here each week. Our Bible study focus will be in II Timothy. Tom has some summer projects at the campus house lined up as well. A new roof on the oldest house; painting the main house; cleaning up a couple of storage areas is needed as well. One of our young men is living in the house this summer and working with Tom on these things.

We are working on the new dorm housing area that has opened back up for next semester. Faith based housing in the dorms is back!! We are very excited about this opportunity to, once again, have a better influence right in the dorm setting. Javier will be our Resident Assistant and we have some good leadership to help him. Please pray that this will become a very effective tool for outreach to NSU.

Thankfully serving,
